CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

The City of Lake Forest 2020-2024 Consolidated Plan (ConPlan) established objectives for the City's Community Development Block Grant (CDBG) program to create a viable community by providing decent housing, a suitable living environment, and economic opportunities, principally for low- and moderate-income persons. The objectives identified in the ConPlan included the following:

1. Rehabilitate the City's existing single-family housing stock, including mobile homes
2. Conserve the existing supply of affordable housing
3. Provide supportive housing and services for the homeless and those at risk of homelessness
4. Provide needed community services and infrastructure improvements benefitting low- and moderate-income persons and those with special needs and
5. Expand economic opportunities for low- and moderate-income residents

During Fiscal Year 2022-2023 (FY 22-23), the third year of the five-year ConPlan cycle, the City carried out several activities to address ConPlan objectives, including the following:

- Funding for rehabilitating 22 housing units owned by low- and moderate-income households. The City also allocated funds to support the expansion or preservation of affordable housing. During the reporting period, the City Council authorized staff to negotiate an Affordable Housing Agreement with Families Forward to purchase and rehabilitate an existing building and operate the units as long-term permanent affordable housing.
- Funding for several safety net public service grant programs to prevent homelessness and assist lower-income households – 2,840 Lake Forest residents were assisted during FY 22-23
- One capital project was completed during the reporting period – El Toro Park/Aliso Creek Fence Replacement. Four capital projects are at various stages of completion: El Toro Park Improvements, Accessible Pedestrian System (APS) crosswalk signal installations, and Phases 13 and 14 of ADA sidewalk curb ramp installation. The City encountered challenges with these projects, including supply chain challenges, contractor staffing shortages, and unanticipated increased project costs.

In 2020, HUD awarded the City \$862,153 in two rounds of CDBG-Coronavirus (CDBG-CV) funding. The City used Round 1 funding to assist local businesses impacted by the pandemic and to fund three nonprofits that provided rent and utility, food, and case management assistance to Lake Forest households affected by the COVID-19 pandemic. Family Assistance Ministries (FAM) exhausted Round 1 resources during the FY 22-23 reporting period, assisting 177 Lake Forest residents with CDBG-CV resources during the reporting period. The other agencies expended all funds in prior years. In July 2021, the City Council authorized CDBG-CV 3 funding for additional business assistance grants and rent/utility assistance resources for residents impacted by the Coronavirus; however, the inflow of significant business assistance and residential rental assistance funding from the State of California and the County

of Orange prompted the City to reconsider its initial CDBG-CV Round 3 allocation. In April 2022, the City took action to reallocate CDBG-CV funds as part of a substantial amendment. Funds were allocated to support public facility improvements aimed at preventing the spread of the virus among the City's senior population. Funding was also allocated for senior meal services, homeless outreach, rent/utility assistance, and program administration. These activities were fully implemented during the FY 22-23 report period, assisting 345 Lake Forest residents impacted by the Coronavirus.

In addition to these CDBG-funded activities, the Orange County Housing Authority (OCHA) assisted 170 Lake Forest renter households with a rental assistance voucher or certificate. OCHA is the local public housing authority that administers HUD's rental assistance program in Lake Forest. **Attachment 1 - Appendix 1 (IDIS Program Report PR03)** summarizes CDBG and CDBG-CV-funded accomplishments for FY 22-23.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee’s program year goals.

* Listed Accomplishments and Amount are for CDBG activities only – figures do not include CDBG-CV and CDBG Super Funded activities.

1. Business grants were funded with CDBG-CV during the FY 20-21 reporting period.
2. "Source/Amount" listed represents the total CDBG funds utilized for all Homeless Continuum of Care activities.
3. Five public infrastructure/facility projects were funded/underway during the FY 22-23 reporting period – 1 project was completed during the reporting period (El Toro Park Fence).
4. Fair Housing services were funded as a public service during the FY 22-23 reporting period versus administration.

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

As summarized above, the City focused CDBG funds on addressing ConPlan priority needs during the reporting period. Consistent with the ConPlan, the City focused public service grant resources on safety net programs for lower-income households. In response to the COVID-19 pandemic, HUD waived the 15% public service cap, which allowed the City to “super-fund” public service grants during FY 20-21. Most super-funded grants were expended during the FY 20-21 and FY 21-22 reporting periods; however, South County Outreach (SCO) used super-funded CDBG funds during the FY 22-23 reporting period, assisting 290 Lake Forest residents with case management and food bank services.

For FY 22-23, the City addressed ConPlan priorities via the following activities:

- Age Well provides case management services to assess homebound seniors' health and living situation, thus helping seniors remain healthy and housed and avoid costly institutionalization in managed care facilities. During the reporting period, 21 Lake Forest seniors were assisted.
- Alzheimer’s Orange County provides reduced-cost daycare services for seniors with Alzheimer’s, dementia, or disabilities; 17 Lake Forest residents were assisted during the reporting period.
- Camino Health Center provides reduced-cost medical and pediatric dental care services for lower-income households, including the uninsured and the homeless – 2,244 residents were assisted.
- Fair Housing Council of Orange County provides fair housing outreach, education, and enforcement services for tenants and landlords. The Fair Housing Council assisted 92 Lake Forest households during the reporting period.
- Families Forward provides supportive services to homeless families with children residing in interim or long-term affordable housing – 32 individuals were assisted during the reporting period.
- Family Assistance Ministries provided case management and food to 204 Lake Forest residents, including 10 who received rent and utility assistance to prevent eviction or utility service shut-off.
- South County Outreach’s food bank program allowed lower-income households to focus limited financial resources on maintaining housing, thus preventing homelessness – 202 Lake Forest residents benefitted from these services during the reporting period.
- Vocational Visions provides various services to adults with intellectual or developmental disabilities. CDBG funding was used to support job placement and coaching services for 28 Lake Forest residents.

The City’s housing rehabilitation program helped preserve and improve the City’s existing stock of owner-occupied housing (including mobile homes) - 17 homeowners received housing rehab assistance during the reporting period. Typical improvements include installing energy-efficient windows, heating/AC systems, plumbing, roofs, flooring, and exterior painting. The City’s Neighborhood Pride Paint program assisted five homeowners. As indicated above, OCHA provided rental assistance to 170

Lake Forest renter households, including seniors, disabled, homeless, and veteran households. Finally, a significant portion of the City's CDBG funding is allocated to expand the City's supply of affordable housing. During the reporting period, the City issued a Notice of Funding Availability (NOFA) to solicit interest and proposals from housing providers. The City Council authorized staff to negotiate an affordable housing agreement with Families Forward for a project to be determined. City staff anticipates completing the project during the FY 23-24 reporting period.

One capital project was completed during the reporting period – El Toro Park/Aliso Creek Fence Replacement. Four capital projects are at various stages of completion: El Toro Park Improvements, Accessible Pedestrian System (APS) crosswalk signal installations, and Phases 13 and 14 of ADA sidewalk curb ramp installation. The City encountered delays with these projects, including supply chain challenges, contractor staffing shortages, and unanticipated increased project costs. A summary of activities underway during FY 22-23 is provided in **Attachment 1 - Appendix 1**.

As previously detailed, CDBG-CV resources were available during the FY 22-23 reporting period to assist Lake Forest residents who experienced financial hardship due to COVID-19. Five Hundred Twenty-two (522) Lake Forest residents were assisted with CDBG-CV resources during FY 22-23. CDBG-CV accomplishment and expenditure detail is provided in **Attachment 1 - Appendix 1**.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).
91.520(a)

Table 2 – Assistance to Racial and Ethnic Populations by Source of Funds

	CDBG	CDBG-CV
White	2,565	394
Black or African American	42	10
Asian	252	40
American Indian or American Native	13	1
Native Hawaiian or Other Pacific Islander	21	3
Other *	237	74
Total	3,130	522
Hispanic	1,841	210
Not Hispanic	1,289	312

* By default, Table 2 in IDIS excludes "Other" CDBG and all CDBG-CV program beneficiaries. CDBG figures include data from FY 20-21 "Super Funded" public services.

Narrative

According to the U.S. Census Bureau, most Lake Forest residents are racially White – 47.8% (2021 *American Community Survey 5-Year Estimates*). This same data source reports that 20.5% of City residents are Asian, and 26.9% of the City's population is Hispanic/Latino – the City's two most prominent minority populations.

Based on the data from Table 2, approximately 82.0% of CDBG program participants are White; most of these individuals report to be ethnically Hispanic/Latino (58.8%). A closer examination of the accomplishment data from individual activities provides added insight. Among homeless and safety net programs such as housing, food, and medical services, a significant percentage of clients served are lower-income Hispanic/Latino households. This data indicates that these households may be economically unstable and seek assistance to stabilize their living situation. Table 2 also suggests that residents accessing CDBG-CV-funded services were predominately White (75.5%), many of whom are Hispanic (40.2%).

Accomplishment data provided for CDBG and CDBG-CV-funded activities also indicates that most program participants are extremely low-income Lake Forest residents (i.e., individuals with a household income equal to or less than 30% of the County median income). During the FY 22-23 reporting period, 89.3% of CDBG-funded program beneficiaries and 81.2% of CDBG-CV program beneficiaries are extremely low-income.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Table 3 - Resources Made Available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	CDBG	\$1,049,472	\$744,285.16
Other	CDBG-CV	\$862,153	\$458,133.91

Narrative

According to the City's 2022-2023 Annual Action Plan, the City anticipated utilizing \$918,363 in CDBG program resources to address community needs during the reporting period. This amount is comprised of the City's 2022 CDBG Annual Allocation of \$509,742, plus \$408,621 in prior year funds. The City anticipated receiving \$0 in program income from housing rehabilitation loan repayments; however, the City received \$131,109 in program income during the reporting period. As reported in Table 3, the City expended \$744,285 in CDBG funds, including program income, during the FY 22-23 reporting period.

During the reporting period, the City did not receive additional CDBG-CV funds but continued to expend its allocation of \$862,153 in CDBG-CV funds. Table 3 indicates that through the end of the FY 22-23 reporting period, the City has spent \$458,134 in CDBG-CV funds (approximately 53.1% of grant funds). Initially, HUD required that the City spend 80 percent of CDBG-CV funds within three years and 100 percent in six years; however, on April 18, 2023, HUD published a notice that announced the elimination of the three-year 80 percent expenditure deadline.

IDIS Program Report PR26 (Attachment 1 - Appendix 2) provides a detailed summary of CDBG and CDBG-CV expenditure for the report period.

Identify the geographic distribution and location of investments

Table 4 – Geographic Distribution and Location of Investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
CDBG Target Areas	0	18	Census Tract Block Groups identified by HUD as CDBG-eligible
Citywide	100	82	Citywide activity

Narrative

As reported in Table 4, the City utilized 82% of CDBG funds to address the needs of lower-income Lake Forest residents on a citywide basis. A small percentage of CDBG funds was spent on El Toro Park; El

Toro Park is located within the City's CDBG Target Area. **Attachment 2** provides a map of the City's CDBG Target Areas. All CDBG-CV funds were spent on a citywide basis.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The City of Lake Forest made every effort to leverage CDBG funds to the greatest extent possible. A total of \$80,000 in non-CDBG funds were used to support homeless outreach services during the FY 22-23 reporting period.

There is no match requirement for the CDBG (and CDBG-CV) program.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

Table 5 – Number of Households Provided Affordable Housing Units by Household Type

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	13	22
Number of Special-Needs households to be provided affordable housing units	0	0
Total	13	22

Table 6 – Number of Households by Type of Housing Support

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	12	22
Number of households supported through Acquisition of Existing Units	1	0
Total	13	22

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City exceeded planned housing rehabilitation program goals for the FY 22-23 reporting period. The 2022-2023 Annual Action Plan established a one-year goal to rehabilitate 13 owner-occupied housing units - program staff assisted with rehabilitating 22 units. As previously reported, funding was allocated to support expanding or preserving additional affordable housing; however, the activity will be carried into FY 23-24. OCHA assisted 170 Lake Forest households with rental assistance. (Note: The number of households assisted by OCHA is based on several factors out of the City's control.)

Discuss how these outcomes will impact future annual action plans.

Even though program staff exceeded planned housing rehabilitation goals during the report period, the program may face future challenges:

1. Increase in mortgage interest rates and home sales prices:
 - The repayment of prior CDBG-funded housing rehabilitation loans generates Revolving Loan revenue. A decrease in this funding source and anticipated reductions in future CDBG allocations may reduce the resources available to support future housing activity.
 - Recent press reports indicate that rising mortgage interest rates and home prices have led many homeowners to rehabilitate their existing homes instead of upgrading to a new home. This scenario may increase demand for limited CDBG funds allocated for housing rehabilitation.
2. Contractor capacity and supply chain issues:
 - The COVID-19 pandemic and other global events continue to stress supply chains across multiple industries. Contractors have reported challenges in obtaining materials such as lumber, concrete, and fixtures, resulting in delays in the beginning and completion of rehabilitation projects. Contractors also reported sharp increases in the price of materials.
 - Housing Rehabilitation Program staff reports that contractors are very busy; consequently, contractors are not responding to program bid solicitations or requesting additional time to begin and complete projects.

In response to the cost of rehabilitation, the City will consider increasing the current maximum housing rehabilitation loan amount from \$30,000 to \$50,000; however, it is important to note that an increase in the maximum loan may limit the number of future program participants if sufficient funding is not available.

Approximately 5% of the City's housing stock are mobile homes; however, many coach owners are lower-income residents with limited sources of income (e.g., social security, disability, pension). This cohort of homeowners will likely continue to seek City assistance to rehabilitate their homes (e.g., 12 of the 22 housing units rehabilitated during the FY 22-23 reporting period are mobile homes). The number of contractors specializing in mobile home rehabilitation is limited; however, in response to this challenge, the City will continue to appeal to new contractors to participate in the program, including efforts to attract additional minority and women contractors.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Table 7 – Number of Households Served

Number of Households Served	CDBG Actual	HOME Actual *
Extremely Low-income	1	0
Low-income	8	0
Moderate-income	8	0
Total	17	0

* The City is not a recipient of HOME funds.

Narrative Information

Table 7 provides information regarding the households that received housing rehabilitation assistance during FY 22-23. OCHA reports that 170 Lake Forest very low-income and extremely low-income renter households received rental assistance during the FY 22-23 reporting period. The City is not a recipient of HOME funds.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

During FY 22-23, Lake Forest did not allocate CDBG funds for homeless outreach. Mercy House provided outreach and engagement services to chronic homeless with an Orange County Sheriff Homeless Liaison Officer's support - Mercy House was funded with non-HUD resources.

Addressing the emergency shelter and transitional housing needs of homeless persons

During the FY 22-23 reporting period, the City did not fund emergency shelter or transitional housing programs.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City's homeless strategy delineated in the ConPlan calls for providing safety net services that help prevent individuals and families from becoming homeless. To this end, during the FY 22-23 reporting period, CDBG funding was allocated to Families Forward, Family Assistance Ministries, and South County Outreach to assist households at risk of becoming homeless. Cumulatively, three agencies provided rent, utility, and food assistance to 10 lower-income Lake Forest residents during the reporting period.

The City also allocated CDBG-CV funds to two agencies, which provided rent, utility, and food assistance to households impacted by the COVID-19 pandemic. Cumulatively, these agencies assisted 124 individuals during the reporting period.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

As recently as FY 15-16, the City utilized local funds (former redevelopment resources) to acquire residential properties for permanent affordable housing. As reported in the 2015-16 CAPER, the City

sold a four-unit apartment building to Families Forward. Families Forward operates these units as permanent, affordable housing for lower-income households, and these units will remain affordable for lower-income households for a minimum of 55 years. During the reporting period, the City Council authorized staff to negotiate an Affordable Housing Agreement with Families Forward to purchase and rehabilitate an existing building and operate the units as long-term permanent affordable housing. It is anticipated this project will come to fruition during FY 23-24. Additionally, OCHA reports that 170 Lake Forest households were assisted with rental subsidies during the reporting period. This figure includes four disabled Lake Forest homeless households (benefitting from Continuum of Care Program Permanent Supportive Housing Certificates) and 19 homeless, disabled veteran households that benefitted from Veterans Affairs Supportive Housing (VASH) vouchers.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The City of Lake Forest does not own or manage public housing.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Not applicable.

Actions taken to provide assistance to troubled PHAs

Not applicable.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The 2022-2023 Annual Action Plan indicated that the City would address affordable housing barriers by providing resources to assist social service agencies that provide fair housing counseling and housing referral services for low- and moderate-income and special needs populations. During FY 22-23, the City provided funds to the Fair Housing Council of Orange County (FHCO). Services provided by the Council included outreach, education, and fair housing enforcement - 92 households were assisted during the reporting period, addressing 269 issues and disputes related to rental agreements, unlawful detainers, three-day notices, and unit habitability.

The Consolidated Plan and Action Plan also indicated barriers to affordable housing development would be addressed by considering ways to reduce development fees and expedite the entitlement review process. As previously outlined, the City has provided various subsidies to create new affordable housing opportunities for lower-income households. During the reporting period, four affordable housing projects were under construction. These projects benefitted from one or more development incentives available to support affordable housing development.

- Mountain View Apartments is located on Raymond Way. The development has 71 apartments for seniors earning less than 60% of the area median income. Twelve units will serve as supportive housing for formerly homeless seniors with special needs. The project will be completed in the Winter of 2023.
- Portola Senior Apartments (located on Portola Oaks Drive) consists of 57 one-bedroom senior apartment units affordable for seniors aged 62 plus earning 50% or less of the area median income. The project will offer amenities and support services to help increase senior residents' financial and housing stability. The project will also be completed in Winter 2023.
- The Medows project includes a two-story 65-unit apartment complex comprised of 64 senior affordable units (of which seven will be permanent supportive housing), one market-rate manager's unit, and associated site improvements. The project is currently under construction.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City recognizes that special needs populations face challenges due to low income and their particular life situation. Special needs populations (e.g., the disabled and homeless) often require housing accommodations and supportive services. The City prioritizes supportive services and housing for special needs populations. During FY 22-23, the City funded several public service agencies that provide a social safety net to help at-risk households. These services include free or reduced-cost food, healthcare, and daycare services. Alzheimer's Orange County and Vocational Visions provided services to 45 disabled Lake Forest residents. As outlined in section CR-25 - Homeless and Other Special Needs,

several nonprofit partners provided supportive services to the homeless and those at risk of becoming homeless.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The Residential Lead-Based Paint (LBP) Hazard Reduction Act of 1992 (Title X) changed the federal approach to addressing LBP by emphasizing preventing childhood lead poisoning through housing-based strategies. The City considers lead-based paint hazard reduction as an eligible activity in the City's housing rehabilitation programs.

All application packets for the City's housing rehabilitation programs include a notice to educate residents about the health dangers of lead and encourage screening children for elevated blood-lead levels. Additionally, before federal funds are used for housing rehabilitation, all units are screened for lead-based paint hazards. Housing units identified with lead-based paint are treated, so paint hazards are abated per federal requirements.

The use of lead-based paint has been prohibited since 1978. All housing units rehabilitated during FY 22-23 met an exemption allowed under HUD lead-based paint program regulations.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

According to data from the U.S. Census Bureau (2021: American Community Survey 5-Year Estimates – Table S1701), approximately 10.4% of Lake Forest residents have incomes below poverty. Specifically, 14.6% of City residents aged 65 and older and 7.1% of children under 18 have a household income below poverty. The Consolidated Plan and Annual Action Plan indicated that the City would support social services and housing activities for households living below the poverty line.

During the FY 22-23 reporting period, low-income seniors were assisted with CDBG-funded in-home support and case management services; these services were provided for free. The City also provided funding to Alzheimer's Orange County, which provided daycare services for seniors with Alzheimer's, dementia, or disabilities. The program offers various medical, therapeutic, and social services for lower-income seniors.

Recognizing that poverty-level households may need assistance affording food and health care, the City also provided financial assistance to nonprofits that provide primary health care and food bank services. Service providers also offered clients career counseling and computer training to help clients develop the skills and knowledge necessary for today's workplace.

In response to the economic impacts of the COVID-19 pandemic, the City provided significant CDBG-CV resources to help lower-income households maintain housing and utility services. According to FY 22-23 program accomplishment data, 81.2% of CDBG-CV-funded program beneficiaries are extremely low-income individuals.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

During FY 22-23, the City continued efforts to eliminate institutional gaps and enhance program coordination with all community segments. For example, the City partnered with nonprofit entities to deliver public services. City departments also continued to collaborate to evaluate projects funded in whole or in part with CDBG funds that address priority needs. The City assisted OCHA by participating in the Cities Advisory Committee – a quarterly meeting of municipal and OCHA staff to discuss federal rental housing assistance and regional housing issues. The City also provided critical information and support for the regional Continuum of Care (CoC) as it prepares the County’s CoC Homeless Assistance grant application for HUD consideration. The City also supported efforts to develop the County’s Ten-Year Plan to end chronic homelessness and a regional discharge plan. Finally, the City coordinated with other Orange County grantees to prepare the 2020-2024 Orange County Analysis of Impediments to Fair Housing for a new five-year cycle.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

As indicated above, the City participated in regional coordination of services by participating in the quarterly Cities Advisory Committee held by OCHA to discuss federal rental housing assistance and as a member of the Orange County CoC Forum. The City has partnered with local nonprofit housing providers to expand affordable housing opportunities for lower-income households in the past years.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Consolidated Plan regulations require CDBG recipients to (1) examine and attempt to alleviate housing discrimination within their jurisdiction; (2) promote fair housing choice for all persons; (3) provide opportunities for all persons to reside in any given housing development, regardless of race, color, religion, sex, disability, familial status, or national origin; (4) promote housing that is accessible to and usable by persons with disabilities; and (5) comply with the non-discrimination requirements of the Fair Housing Act. HUD encourages jurisdictions to consult with one another and initiate countywide fair housing planning. The **Analysis of Impediments to Fair Housing Choice (AI)** is the primary document for this purpose. Consistent with HUD’s directive, the City partnered with 19 Orange County jurisdictions to prepare a countywide AI. The AI provides an overview of fair housing impediments throughout Orange County, including Lake Forest. The AI also includes an action plan to address regional and local fair housing impediments. **Attachment 3** summarizes the steps the City and the Fair Housing Council of Orange County took to address fair housing impediments during FY 22-23.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City's CDBG monitoring program is designed to provide program staff with information necessary to verify the accuracy of data supplied by sub-recipients, ensure that sub-recipients are carrying out individual activities as described in their contracts, and ensure sub-recipients use appropriate accounting and record-keeping methods as it relates to the use of CDBG funds. Program policies ensure sub-recipients receive training regarding CDBG grant management, including the following topics: 1) review CDBG program goals, objectives, and sub-recipient obligations; 2) review the content of the sub-recipient agreements; and 3) review regulations related to the CDBG program that impact sub-recipients and the implementation of their programs.

On-site monitoring of sub-recipients is conducted biennially unless a program or administrative issues are identified or the grant recipient is new to CDBG. The City conducted on-site monitoring during the FY 21-22 reporting period. In general, sub-recipients are complying with program requirements. Some programs did not meet planned performance goals. On-site monitoring will be scheduled for FY 23-24.

During the reporting period, program staff worked closely with City departments to ensure CDBG program regulations and other federal requirements were implemented. City departments and public service grant sub-recipients submitted accomplishment reports. Sub-recipients are required to provide documentation to support CDBG reimbursement requests.

The City also made every effort to comply with all CDBG and Consolidated Plan regulations. The City's Citizen Participation Plan ensures that community input is considered before submitting a substantial amendment or an annual update to HUD. It also allows residents to review and comment on yearly performance. Construction, professional service, and sub-recipient agreements have been prepared to ensure compliance with applicable federal regulations. Additionally, the City has implemented an open procurement process that encourages bidding from minority and women-owned businesses.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City published a notice in the Saddleback Valley News on September 5, 2023, announcing a 15-day public comment period and City Council meeting to encourage resident participation. The 2022-2023 CAPER was available for public review and comment from September 5, 2023, through September 19, 2023, online and at Lake Forest City Hall, located at 100 Civic Center. The Lake Forest City Council accepted additional public comments at its September 19, 2023, meeting. A copy of this notice and a summary of public comments is provided in **Attachment 4**.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

No FY 2022-2023 Action Plan changes were undertaken during the reporting period.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

Not applicable

CR-58 – Section 3

Identify the number of individuals assisted and the types of assistance provided

Total Labor Hours	CDBG	HOME	ESG	HOPWA	HTF

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2019	CDBG funds allocated for park improvements. In May 2020, \$39,000 (2019 funds) of project funds were reallocated to activities to support CDBG-CV funded activities. Improvements including upgrading electrical distribution cabinet, park lighting, and installation of security gates at restrooms. Project design and bidding will take place in October/November 2020. It is anticipated that construction will begin in December 2020 and completed in March 2021.	
2020	Due to the COVID-19 pandemic, the City reallocated a portion of project funds (\$39,000) to support public services and business assistance grants that addressed local impacts of the coronavirus. The reallocation of project funds resulted in a delay as project management staff prioritized park improvements to fit reduced funding. Additionally, the project was delayed due to widespread shortage of labor and products and materials. During the reporting period city staff prepared and circulated bids for components of the project. The project will most likely be underway during the FY 21-22 reporting period.	
2021	Pandemic-related delays continued to impact the project - primarily delays in sourcing materials for the project. Tennis courts have been resurfaced. Improvements to be completed include installation of new tennis court lights, upgrade to the electrical distribution cabinet, and installation of security gates at restrooms. It is anticipated that these improvements will be completed in 6 to 8 months.

Years	Accomplishment Narrative	# Benefitting
2022	The project has experienced several delays due to material shortages, shortages of skilled labor for certain trades, and a long lead-time in securing materials. However, several planned park improvements have been completed including tennis court repairs and lighting, and restroom lighting and security gates. Delivery of a new electrical cabinet has been delayed. It is anticipated the project will be completed during the FY 23-24 report period.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2019	CDBG funds allocated as part of a Substantial Amendment to add Accessible Pedestrian Signals at two intersections. Project design started in March 2020 and completed in April 2020; however, due to COVID-19 Stay-at-Home orders, the project is yet to be awarded. It is anticipated construction will begin and be completed during FY 2020-21.	
2020	The original project consisted of APS systems at the intersection of El Toro and Muirlands and Rockfield and Ridge Route. In addition, an ADA ramp was planned to be upgraded at the El Toro and Muirlands intersection. These improvements comprised the \$36,000 identified in the program. The City bid the improvements in one package, but received high bids due to the different nature of the APS, electrical work, versus the ADA ramp construction. Due to high bids, the City re-bid the project separating the two components. The APS system was completed by Bear Electrical Solutions, Inc. in the amount of \$17,892.50. The ADA ramp was deferred to be complete as part of other ADA ramp improvements to realize better economies of scale. The Activity is complete. The unexpended balance of \$27,512.69 (\$17,512.69 FY 2018 funds plus \$10,000 FY 2019 funds) will be reprogrammed.	
2021	The APS system was completed by Bear Electrical Solutions, Inc. in the amount of \$17,892.50. The ADA ramp was deferred to be complete as part of other ADA ramp improvements to realize better economies of scale. The Activity is complete. The unexpended balance of \$27,512.69 (\$17,512.69 FY 2018 funds plus \$10,000 FY 2019 funds) may be reprogrammed. According to HUD Exchange data, 902 Lake Forest residents with a disability reside in the project area Census Tract (CT: 052411). According to the U.S. Census, 693 Lake Forest residents, age 18 plus, have hearing, vision and ambulatory difficulties.	
2022	On Sept 20, 2022, the City Council allocated an additional \$20,565 for this activity. The project continued to experience delays due to long lead-times to receive required equipment. In May 2023, a notice to proceed to purchase equipment only, was issued. Equipment is scheduled to be shipped in August 2023. It is anticipated equipment will be delivered in late August and construction will be completed by October 2023.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2020	CDBG-CV funds were used to provide case management food and rental assistance to help Lake Forest households impacted by the COVID-19 pandemic. A total of 352 individuals were assisted during the FY 20-21 reporting period.	
2021	Unspent CDBG-CV funds carried into FY 21-22. A total of 5 Lake Forest residents were assisted during the FY 21-22 report period - all benefitted from rental assistance and case management. An additional \$39,170 in CDBG-CV funds were allocated in April 2022 to provide rent and utility assistance, case management, and other support services to respond to the needs of Lake Forest residents that have been financially impacted by COVID-19. These funds will be available during FY 22-23.	
2022	CDBG-CV funds were used to assist 122 Lake Forest residents were assisted during the FY 22-23 report period - all benefitted from rental or utility assistance and case management. The activity is complete.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefiting
2021	CDBG funds will be used to reconstruct existing sidewalk curb ramps to comply with recent ADA requirements. The City encountered delays in starting the project due to pandemic-related staffing challenges. To take advantage of economy of scales, This phase of the City's ADA sidewalk curb ramp program will be combined with the City's FY 22-23 project. Design and engineering was initiated in June 2022. It is anticipated the project will go to bid in January 2023, with construction to begin in April 2023 and completed in June 2023.	
2022	The project consists of re-constructing existing sidewalk ramps to comply with recent CA Building Code requirements to comply with ADA regulations. The project was initially advertised in December 2022; however, proposals were much higher than initial engineer project estimates. In February 2023, the City Council rejection of bids and authorized the re-advertisement of the project with few locations. New bids were received and opened in April 2023. It is anticipated the construction contract will be awarded and construction will begin during the 2nd Qtr. of FY 23-24.

2021	CDBG funds will be used to replace deteriorated walking path fence in El Toro Park. The project has experienced delays due to staffing issues. The project will go to bid in August 2022, with construction to begin in October 2022 and completed by December 2022.	
2022	Installation of new post-cable fencing began in November 2022 and was completed in March 2023. The project experienced material sourcing delays and inclement weather. At the conclusion of the project, an over-expenditure of \$9,348.45 (2020 funds) was identified. To correct this mistake, \$6,062.50 in prior drawn down funding was moved to Act #528 (ADA Ramp Phase 14) and \$3,285.95 was moved to Act #517 (Neighborhood Pride Paint Pgrm). The activity is complete; \$36,584.12 in unexpended funds (\$27,235.67 in 2020 and \$9,348.45 in 2021 funds) will be reprogrammed.

2021	To help prevent the spread of COVID-19, CDBG-CV funds have been allocated to purchase hand sanitizer dispensers and hand sanitizer for the Lake Forest Senior Center. Funds will also be used to purchase cabinets that can be locked to prevent the use of supplies and equipment used by Senior Meals on Wheels program staff. Hand sanitizer and dispensers have been purchased. The city will advertise to purchase the cabinets in July 2022. Due to supply chain issues, there may be a delay in obtaining materials; however, it is anticipated this activity will be complete by February 2023.	
2022	All purchases were completed during FY 22-23. A total of 56 Lake Forest seniors benefitted from the purchase of PPE to provide protection against the COVID-19 virus via the purchase of sanitizer and food storage cabinets (for senior meal programs offer through the city's senior center). The activity is complete. An unexpended balance of \$26,610.12 in CDBG-CV funds will be reallocated to Act #511.

2021	Reallocated CDBG-CV funds were awarded to this activity in April 2022. Contract for use of these funds will be effective July 1, 2022. No activity to report for the FY 21-22 report period.	
2022	Age Well encountered delays in finding a van to purchase for the program due to supply chain issues. In May 2023, a van was purchased and put into use to transport seniors to and from doctor appointments. The van will allow program staff to transport seniors in a safe and sanitary condition (i.e., fewer seniors in a vehicle) to doctor appointments including COVID-19 vaccines and check-ups. A total of 57 seniors were transported during the FY 22-23 report period.

Annual Accomplishments

Years	Accomplishment Narrative	# Benefitting
2022	CDBG funds allocated to support the acquisition of housing unit(s) by a local nonprofit affordable housing provider. In January 2023, the City issued a NOFA. In April 2023, the City Council/Housing Authority authorized staff to negotiate with Families Forward, and June 2023, the City Council approved an increase in non-CDBG funds allocated to the project from \$1.2 million to \$1.4 million. The City is currently continuing to negotiate a final agreement. In the interim, Families Forward will continue to seek a suitable building to purchase. The project will likely be completed during the FY 23-24 report period.

Analysis of Impediments to Fair Housing Summary

PROPOSED AI GOALS AND STRATEGIES	FY 2022-2023 ACCOMPLISHMENTS
<p>1) In collaboration with the OCHA:</p> <ul style="list-style-type: none"> a) Attend quarterly Orange County Housing Authority (OCHA) Housing Advisory Committee to enhance the exchange of information regarding the availability, procedures, and policies related to the Housing Assistance Voucher program and regional housing issues. b) Support OCHA's affirmative fair marketing plan and de-concentration policies by providing five-year and annual PHA plan certifications. c) In coordination with OCHA and fair housing services provider, conduct landlord education campaign to educate property owners about State law prohibiting discrimination based on household income. 	<ul style="list-style-type: none"> a) City staff attended quarterly online meetings. b) The City provided the PHA Plan certifications to OCHA staff upon request. c) California law expanded “source of income” protections to individuals who use housing rent assistance (e.g., Housing Choice Voucher) effective January 2020. FHCOC did not identify any notices in Craigslist postings containing discriminatory language, including improper references to “older adults,” restrictions regarding children under 18, and the use of rental assistance. FHCOC did respond to complaints of “refusal to accept housing assistance” on other platforms. FHCOC contacted the individuals posting these ads to remove the discriminatory content when possible.
<p>2) Through the City's fair housing contractor:</p> <ul style="list-style-type: none"> a) Provide fair housing education and information to apartment managers and homeowner associations on why denial of reasonable modifications/accommodations is unlawful. b) Conduct multi-faceted fair housing outreach to tenants, landlords, property owners, realtors, and property management companies. Methods of outreach may include workshops, informational booths, presentations to community groups, and distribution of multi-lingual fair housing literature. c) Provide general fair housing counseling and referral services to address tenant-landlord issues, investigate allegations of fair housing discrimination, and take appropriate actions to conciliate cases or refer to appropriate authorities. 	<ul style="list-style-type: none"> a) Regionally, FHCOC received 12 inquiries regarding reasonable accommodation and modifications - no inquiries arose from Lake Forest. Overall, 8 of the 12 clients received a reasonable accommodation, 2 requests are pending resolution, and 2 clients chose not to pursue the matter. b) During FY 22-23, 14 regional training sessions for rental property owners/managers. Additionally, FHCOC presented 2 virtual fair housing seminars for housing providers in partnership with the Apartment Association of Orange County. FHCOC also conducted or participated in 19 virtual and 81 in-person regional virtual education or outreach activities, at which participants were made aware of fair housing laws and counseling services. While most information sessions limited participation to online platforms, all activities were available to Lake Forest residents. c) On a regional basis, FHCOC addressed 112 allegations of housing discrimination – 40 cases were opened for further investigation. No allegations arose from Lake Forest. With respect to landlord/tenant issues, on a regional basis, FHCOC assisted 3,318 unduplicated households by addressing 11,269 fair housing issues, disputes, and

Analysis of Impediments to Fair Housing Summary

<p>d) Periodically monitor local newspapers and online media outlets to identify potentially discriminatory housing advertisements.</p> <p>e) Include testing/audits within the scope of work with fair housing provider.</p> <p>f) Regularly consult with the City's fair housing contractor on potential strategies for affirmatively furthering fair housing on an on-going basis.</p>	<p>inquires - 92 unduplicated households involving 269 issues, disputes, or inquiries were from Lake Forest.</p> <p>d) FHCOC monitored Craigslist for discriminatory content. Discriminatory ads were flagged, and if an investigation was feasible, the ad was referred to FHCOC's investigators for enforcement action. Other online rental advertising sites (e.g., OC Register, LA Times, Zillow) were sporadically monitored; the lack of an efficient text search function on these sites made monitoring less practical. The most common problematic postings indicated restrictions regarding children under 18 or improper preference for seniors. Overt racial or national origin discrimination was not observed.</p> <p>e) FHCOC also conducted 95 paired telephonic, systemic tests for discriminatory rental housing practices on a regional basis. An additional 9 paired systemic tests of real estate agents and 10 paired systemic pre-application tests of lenders were conducted telephonically. Five systemic tests involved locations in Lake Forest.</p> <p>f) In FY 20-21, City staff discussed programming strategies with FHCOC regarding education and enforcement activity related to the COVID-19 pandemic eviction moratorium.</p>
<p>3) In cooperation with the Orange County Transportation Authority:</p> <p>a) Provide community education regarding transport services for persons with disabilities.</p> <p>b) Explore bus route options to ensure neighborhoods with a concentration of low-income or protected class populations have access to transportation services.</p>	<p>a) No activity to report for FY 22-23</p> <p>b) No activity to report for FY 22-23</p>
<p>4) Support local eviction prevention strategies to reduce the number of homeless individuals and families (homelessness prevention services).</p>	<ul style="list-style-type: none"> ▪ The City used both CDBG and CDBG-CV funds to support services to prevent the loss of housing due to COVID-19.
<p>5) Prepare a new Housing Element that complies with all current State laws and is certified by the California Department of Housing and Community Development.</p>	<ul style="list-style-type: none"> • The City Council approved the 2021-2029 Housing Element on January 3, 2023. • CA HCD certified the City's 2021-2029 Housing Element on February 24, 2023.
<p>6) Update zoning ordinance to comply with current State law.</p>	<ul style="list-style-type: none"> • The City revised its Accessory Dwelling Unit (ADU) regulations to comply with current State law during FY 21-22. In August 2022, the City Council approved an update to the ADU ordinance to ensure consistency with State law and guidance from HCD. In addition, in August 2022, the City Council approved a Zoning Code amendment that

PROOF OF PUBLICATION

Legal No. **0011520533**

**PUBLIC NOTICE
CITY OF LAKE FOREST
Community Development Block Grant Program
2022-2023 Annual Action Plan**

**30-DAY PUBLIC REVIEW AND COMMENT PERIOD
AND NOTICE OF PUBLIC HEARING**

Notice is hereby given that the City of Lake Forest is seeking public input pursuant to the Community Development Block Grant (CDBG) program 2020-2024 Consolidated Plan – Annual Action Plan for Fiscal Year (FY) 2022-23. The primary objective of the CDBG program is the development of viable urban communities by providing decent housing, a suitable living environment, and expanding economic opportunities principally for persons of low- and moderate-income (those earning 80 percent or less of Orange County's median income). This funding is provided by the U.S. Department of Housing and Urban Development (HUD). The scope of eligible activities established by HUD ranges from public works improvements to housing rehabilitation and social service programs.

FY 2022-23 Annual Action Plan

The Consolidated Plan is a 5-year strategic plan that identifies priority community needs and projects/programs that may be implemented to meet these needs. The Annual Action Plan outlines the City's proposed use of CDBG funds for a twelve-month period. As of the date of this notice, HUD has not announced FY 2022-23 CDBG allocations; however, for planning purposes, the City anticipates it will receive \$513,700 in CDBG funds from HUD for FY 2022-23. Prior year funds (\$408,621) and program income will also be available to undertake eligible activities. Based on the estimated 2022-23 CDBG allocation and other CDBG funding resources, the following activities are proposed:

Program Name	Program Description	Estimate of Proposed Funding
Public Facility Improvements/Housing	Examples: Sidewalk and street improvements, ADA improvements, housing rehabilitation loans and grants, affordable housing acquisition	\$742,766
Public Services	Examples: Food distribution, health care services, senior services, and homeless services	\$77,055
CDBG Program Administration	Program coordination, management, staffing, monitoring, and reporting; fair housing education and enforcement services	\$102,500

COMMENT PERIOD

A copy of the draft 2022-23 Annual Action Plan is available for review on the City-website: <http://www.lakeforestca.gov/854/Community-Development-Block-Grant>. The plan is also available for public review at the following location: Lake Forest City Hall at 100 Civic Center Drive.

Written public comments will be accepted from 3/3/22 through 4/5/22. Written comments should be submitted no later than 5:00 PM April 5, 2022 to:

City of Lake Forest
Attn: Ron Santos, Senior Planner
100 Civic Center
Lake Forest, CA 92630

All written comments received by the City will be responded to in writing.

CITY COUNCIL PUBLIC HEARING

All interested persons are invited to attend the public hearing to discuss the draft 2022-23 Action Plan.

DATE: Tuesday, April 5, 2022
TIME: 6:30 PM, or soon thereafter
LOCATION: Lake Forest City Hall Council Chambers
100 Civic Center, Lake Forest, CA, 92630

Agenda on the Internet: The Agenda of meeting is available on the City website at <https://lakeforestca.gov/129/Agendas>. You can access the document on the Friday before the meeting. The meeting will also be livestreamed on the City website.

Agenda Document Review: The full Agenda including all back up information is available at City Hall, 100 Civic Center Drive, Lake Forest, California, on the Friday before the meeting.

Agenda Description: The Agenda descriptions are intended to give notice to members of the public of a general summary of items of business to be transacted or discussed. The listed Recommended Action represents staff's recommendation. The City Council may take any action which it deems to be appropriate on the agenda item and is not limited in any way by the recommended action.

SPECIAL NOTICE REGARDING PUBLIC ACCESS TO THE MEETING AND PUBLIC COMMENT:

ASSEMBLY BILL 361: This meeting will occur in accordance with Government Code section 54953(e) et seq. ("AB 361") wherein the City of Lake Forest City Council may continue to participate in meetings via teleconference.

PUBLIC PARTICIPATION: In addition to attending in person, pursuant to AB 361 members of the public may access the meeting live on our website at <https://www.lakeforestca.gov/129/Agendas>.

PUBLIC COMMENT PRIOR TO THE MEETING: Members of the public may submit email comments to council@lakeforestca.gov. Email comments will be uploaded to the agenda packet and made part of the official public record of the meeting and will not be read at the meeting. To ensure staff reviews all comments prior to the City Council meeting, please submit email comments no later than 5:00 p.m. the day of the meeting.

PUBLIC COMMENT: Members of the public may provide comments in-person at the meeting or remotely. Those wishing to provide comments in-person at the meeting will be asked to submit a request to speak to the City Clerk. Those wishing to provide comments remotely may join the meeting online at <https://call.lifesizecloud.com/5038350> and enter Passcode 1004# or by phone at (312) 584-2401 and enter meeting number 5038350# followed by Passcode 1004#.

Any petition for judicial review of a decision of the Lake Forest City Council is controlled by the statute of limitations provisions set forth in Sections 2.50.010 and 2.50.020 of the Lake Forest Municipal Code ("LFMC") and Sections 1094.5 and 1094.6 of the California Code of Civil Procedure. Any action or proceeding to attack, review, set aside, or void any decision of the Lake Forest City Council is controlled by Section 2.50.010 and Section 2.50.020 of the LFMC.

Any such action or proceeding that seeks judicial review of, attacks, or seeks to set aside or void any decision of the Lake Forest City Council shall be limited to those issues raised at the hearing described in this notice or in written correspondence delivered to the City Clerk, at, or prior to, the public hearing described in this notice, and must be commenced within the time limits specified in Chapter 2.50 of the LFMC.

/s/Lisa Berglund, MPA
City Clerk
